

Memorial Hospital

Brings a *Free* Service to the Community

Care Transitions Program

- Memorial Hospital initiated this program to help patients have better outcomes at home.
- Our coaches will give you the knowledge, skills and confidence to manage your health, until you see your physician.
- One of the goals of our program is to assist in keeping you healthy and out of the hospital, allowing you to be able to live independently with your chronic illness.
- This program is voluntary, in which you enroll upon discharge from the hospital.
